Prepare for hot weather

BIG STORE for Screen Doors! **BIG STORE for Window Screens!**
BIG STORE for Hammocks! **BIG STORE for Ice Cream Freezers!**
BIG STORE for Refrigerators! **BIG STORE for Lawn Mowers!**

SCREEN DOORS—A well constructed, walnut finish screen door, 85c; including patent spring hinge, knobs and hooks complete. Painted screen doors, plain or fancy frames for \$1.15 and up; including all hardware.

FLY WINDOWS—Adjustable screens, will fit any size window, 24c and up. The best invention on the market to keep out the flies. Buying your screens at the Big Store means a saving of money to you.

ICE CREAM FREEZERS—\$1.25 and up for "ARCTIC" freezers; \$1.35 and up for "WHITE MOUNTAIN" freezers. Why pay that amount for cheap tubs, when you can get the best from us so low.

HAMMOCKS—A good, plain woven hammock, 75c; one with pillow 85c; one with pillow and valance, \$1. We show a large collection of hammocks. They are beautiful patterns for originality in design and colors that harmonize. Heavy steel spreader, deep valance, with fancy wood bars at foot, including pillows, \$1.25 to \$5.00.

SPORTING GOODS—Base balls, 10c to \$1.50; catcher's mitts, 10c to \$2.00; masks, 25c to 75c; ball bats, 5c to 50c; golf sticks (to close out our entire stock), 75c.

WHITELY EXERCISER—We make special prices on these goods, and show their best numbers, including those from 50c to \$3.00 each.

DECORATION DAY DECORATIONS—Save money by using our goods. We never marked as good values as we now have in wall flags from the smallest to the largest. Mounted muslin flags in all sizes. Steel engravings of all the war heroes, presidents and noted men. Also bunting by the yard.

Remember, we are Headquarters for Ice Boxes and Refrigerators, showing more styles and better values than you find in a town twice this size.

THE BIG STORE FOR GASOLINE STOVES!

Call up 200 for anything you want.

the square at 1:15 o'clock and taking special train from the depot.

THE OLIO CIRCLE

Last Meeting of the Season was Held Tuesday.

The last meeting of the season of the Ohio circle was held last evening in the parlors of the Pacific hotel, with a large attendance and all enjoyed a pleasant and instructive program.

Miss Mabelle Pelham first favored the members with an instrumental solo admirably rendered and showing great skill on the part of the performer.

Mrs. David Reid then gave an interesting address on the child labor bill, telling much that is expected to be accomplished, and of the labor required to secure its passage, which was largely due to the untiring efforts of the ladies interested in the betterment of the condition of the rising generation.

They were present in numbers where the bill was all likely to be considered and laborer for it early and late. One great source of opposition was from the Alton glass works, whose managers insisted they would have to discontinue business if child labor at night was prohibited, but the ladies regarded that really as an argument in its favor and now that it is an accomplished fact its working will be rewarded with interest.

Miss Mary Devereux next rendered a piano solo in a highly artistic manner, which elicited hearty applause. After her came Miss Cora Graham, who sang in a delightful manner.

This young lady possesses a voice of rare sweetness and has the ability to use it to the best advantage.

Dr. Josephine Milligan spoke most entertainingly regarding the Hall house settlement in Chicago. In the nineteenth ward where filth, ignorance and vice were running riot two accomplished young ladies went to live that they might have an influence for good among those who had no playground and secured one for them. They supplied various entertainments and many means for the betterment of the poor who were there in such large numbers and in many ways showed that they were practical persons with ideas which would bear the test of experience. It is difficult to estimate the good that has been accomplished by Miss Jane Addams and the persons working with her.

A rising vote of thanks was tendered the ladies for their excellent addresses and the society adjourned for a social hour, after which they dispersed for the summer.

SEALED PROPOSALS. Sealed proposals will be received by the clerk of the board of education of the Jacksonville school district, up to 12 o'clock noon, June 4, 1903, for the erection of an addition to the Washington school building, and also for steam heating and plumbing in connection with same.

Proposals must be addressed to Samuel B. Stewart, clerk of the board of education, and endorsed "Bids for Washington School Building" and left at the office of the clerk of the board of education of the city of Jacksonville, by the above date.

The board of education reserves the right to reject any or to reject any or all proposals.

Plans can be seen at the office of Coleman & Pierson on and after May 21, 1903. Samuel B. Stewart, Clerk of Board of Education.

HONOR FOR MISS ADAMS. Miss Henrietta Adams, who has for several years been at the head of the domestic science department of the Illinois State School for the Deaf, has received recognition to take effect June 1. This action was taken by the board of education.

Plans can be seen at the office of Coleman & Pierson on and after May 21, 1903. Samuel B. Stewart, Clerk of Board of Education.

WEEDS FLOURISH. The weeds are getting their usual start in the pasture lots and adjacent to the city and it does seem as if they might be controlled with a little effort. Bull thistles are already rearing their unsightly proportions and in due time will be scattering their seeds broadcast if not taken in time. If there be no law to compel their destruction there should be one for giving them room a man is injuring not only himself, but many others also. This is the worst form of weed that is to be found in the pastures, but there are many such as sour dock, burdock and others which might also have attention very probably to the community. The principle of live and let live should apply in these cases and it is certainly to be hoped that measures may be taken to do away with the evil mentioned, at least to some extent.

FISHING GOOD. Fishing is extra good just now in the Sagamore bottoms near Chandlerville. The fish are made by the C. P. & S. L. are now in force and if you want to catch fish try this point.

J.
